

## *Howard C Foster*

Howard has worked in the construction industry for over forty years and has undertaken much CPD during that time.

Specifically Howard ran his own Ltd company construction business for over 10 years and was the director responsible for all health and safety matters.

Previous to this he was director in a Yeovil based construction company for over 16 years and had many responsibilities for Health and Safety including writing, implementing and monitoring the H&S Policy. This company directly employed over 20 and used numerous sub-contractors on top of this.
